

Multiplicação

Resolva e colora..

Azul claro

$16 \times 5 =$

Verde

$15 \times 8 =$

Marrom

$26 \times 4 =$

Branco

$18 \times 9 =$

Amarelo

$32 \times 3 =$

Rosa

$22 \times 9 =$

Azul

$45 \times 4 =$

Laranja

$28 \times 7 =$

Multiplicação

Resolva as multiplicações e pinte o sorvete de amarelo se o resultado é par ou de rosa se o resultado é ímpar. .

Multiplicação

Pinte da mesma cor a operação matemática e o resultado correto.

Multiplicação

Resolva a multiplicação da tabuada do 4. Recorte e cole os resultados corretamente.

5×4		
	3×4	8×4
9×4	6×4	7×4
4×4	2×4	

Multiplicação

Multiplicações por 10, 100, 1000. Verifique o número na primeira coluna e, logo, multiplique, anotando o resultado corretamente.

	x10	x100	x1000
25			
74			
90			
125			
780			
1230			
8725			

Multiplicação

Complete cada linha e coluna resolvendo as multiplicações.

Preencha os quadrinhos com os números certos para que todas as contas fiquem corretas.

				6	×	4	=		×	4	=		
								×					
6	×	5	=						9				
				×					×				
				4					7	×		=	
				=					=				
					×	9	=						
								×					
								3	×		=		
								=					

Multiplicação

Circule o produto de maior tamanho em cada copo.

Multiplicação

Resolva os problemas:

1 - Um pacote de figurinhas tem 5 figurinhas. Se Joana comprou 7 pacotes, quantas figurinhas ela tem ao todo?

2 - Em uma sala de aula, há 6 fileiras com 4 carteiras em cada uma. Quantas carteiras há na sala?

3 - Cada caixa de lápis de cor tem 12 lápis. Se Maria comprou 3 caixas, quantos lápis ela tem?

Multiplicação

Desafio da multiplicação.

Tempo: _____

$1 \times 1 = \underline{\quad}$

$2 \times 4 = \underline{\quad}$

$6 \times 8 = \underline{\quad}$

$2 \times 1 = \underline{\quad}$

$5 \times 3 = \underline{\quad}$

$7 \times 6 = \underline{\quad}$

$3 \times 1 = \underline{\quad}$

$8 \times 5 = \underline{\quad}$

$8 \times 6 = \underline{\quad}$

$4 \times 1 = \underline{\quad}$

$7 \times 2 = \underline{\quad}$

$9 \times 6 = \underline{\quad}$

$5 \times 1 = \underline{\quad}$

$3 \times 2 = \underline{\quad}$

$10 \times 2 = \underline{\quad}$

$6 \times 1 = \underline{\quad}$

$9 \times 4 = \underline{\quad}$

$8 \times 9 = \underline{\quad}$

$7 \times 1 = \underline{\quad}$

$6 \times 3 = \underline{\quad}$

$5 \times 8 = \underline{\quad}$

$8 \times 1 = \underline{\quad}$

$8 \times 4 = \underline{\quad}$

$9 \times 7 = \underline{\quad}$

$9 \times 1 = \underline{\quad}$

$9 \times 5 = \underline{\quad}$

$5 \times 9 = \underline{\quad}$

$10 \times 1 = \underline{\quad}$

$2 \times 7 = \underline{\quad}$

$6 \times 2 = \underline{\quad}$

$2 \times 2 = \underline{\quad}$

$9 \times 6 = \underline{\quad}$

$7 \times 4 = \underline{\quad}$

$3 \times 3 = \underline{\quad}$

$3 \times 4 = \underline{\quad}$

$8 \times 7 = \underline{\quad}$

$4 \times 4 = \underline{\quad}$

$7 \times 4 = \underline{\quad}$

$10 \times 8 = \underline{\quad}$

$5 \times 5 = \underline{\quad}$

$8 \times 6 = \underline{\quad}$

$2 \times 7 = \underline{\quad}$

$6 \times 6 = \underline{\quad}$

$9 \times 3 = \underline{\quad}$

$3 \times 8 = \underline{\quad}$

$7 \times 7 = \underline{\quad}$

$10 \times 3 = \underline{\quad}$

$6 \times 4 = \underline{\quad}$

$8 \times 8 = \underline{\quad}$

$2 \times 9 = \underline{\quad}$

$9 \times 10 = \underline{\quad}$

$9 \times 9 = \underline{\quad}$

$3 \times 8 = \underline{\quad}$

$7 \times 2 = \underline{\quad}$

$10 \times 10 = \underline{\quad}$

$4 \times 9 = \underline{\quad}$

$5 \times 8 = \underline{\quad}$

$3 \times 2 = \underline{\quad}$

$5 \times 6 = \underline{\quad}$

$4 \times 7 = \underline{\quad}$

Multiplicação

Complete o quadro da multiplicação.

×	1	2	3	4	5	6	7	8	9	10	11	12
1												
2												
3												
4												
5												
6												
7												
8												
9												
10												
11												
12
